EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. The amendment to claim 6 was necessary since claim 6 depended from itself.

The application has been amended as follows:

In claim 6 line 1, "claim 6" was replaced with --claim 5--.

Response to Arguments

2. Applicant's arguments, filed 9/12/05, with respect to claims 1, 5, 6, 11, 15, 16, and 21 have been fully considered and are persuasive. The 35 U.S.C. 101 rejection of claims 1-10 has been withdrawn. The 35 U.S.C. 112, first paragraph, rejection of claims 5-6 and 15-16 has been withdrawn. The 35 U.S.C. 102(e) rejection of claims 1-4, 7-14, and 17-21 has been withdrawn.

Allowable Subject Matter

3. Claims 1-21 are allowed.

4. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or fairly suggest determining a sampling plan for measuring workpieces based on monitoring at least the non-diagonal terms of a covariance matrix that is constructed for a plurality of measured workpiece characteristics, in combination with the remaining features and elements of the claimed invention.

Pasadyn US 6,738,682 discloses an error covariance matrix that includes diagonal elements that measure the current amount of uncertainty in corresponding state estimates. However, the equations used to define the error covariance matrix “do not depend on the actual numerical values that are measured or on the current state of the process. They simply define the effects of measuring different quantities given same assumptions about the structure of the underlying system.” (col. 36 lines 36-58 of Pasadyn). Therefore, Pasadyn fails to teach or fairly suggest constructing a covariance matrix including diagonal and non-diagonal terms for the plurality of characteristics measured.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
